## CAREER GOALS

I have a passion for software programming, driven by my extensive knowledge of various programming languages and my experience working independently. Therefore, I aspire to become a master of my own as a software developer. I aim to further develop and enhance my skills and knowledge in this field.

## EDUCATION

**FPT Polytechnic** - *Software Development*

2021 - 2024

GPA of 3.0, demonstrating strong academic performance and actively engaging in self-improvement activities.

## EXPERIENCE

**SohaGame** - *Game Tester / Moderator*

2019 - 2020

Conduct comprehensive quality testing on new games and updates, ensuring that the final product meets high-quality standards and provides the best player experience.

Document and report errors in detail, assisting the development team in identifying and efficiently fixing issues. Participate in all stages of the game development cycle, from the beginning to the end, to ensure that every aspect of the game is thoroughly tested and quality-controlled.

**Funtap** - *Game Tester / Moderator*

2020 - 2022

Perform thorough quality testing on new games and updates, ensuring that the final product meets high-quality standards and delivers the best player experience. Document and report errors in detail, providing support to the development team in identifying and fixing issues effectively. Participate in all stages of the game development cycle, from inception to completion, to ensure that every aspect of the game undergoes rigorous testing and quality control.

**Freelance** - *Developer*

2020 - 2024

Execute software development projects for clients on the Facebook and Instagram platforms. Provide consultancy and support to clients in determining requirements, proposing technical solutions, and ensuring project goals are met. Possess strong knowledge of project management, particularly in a freelance context. Proficient in technologies and frameworks such as Selenium, HttpRequest, API, and ADB.

## WORK

**Project 1 - Cafe Management Software** - *Developer*

7/2023 - 8/2023

- Assigned the primary responsibility for the development and maintenance of the entire system. Accountable for coding and resolving complex technical issues.
- Interact closely with the team to ensure that the source code meets the specified requirements and quality standards.
- Primarily responsible for approximately 80% of the programming work within the project.

**Facebook Account Manager Software** - *Developer*

1/2023 - 4/2023

- Developing software that enables the bulk creation and management of Facebook accounts with various functions.
- Features: Create new accounts, manage accounts, build automated interaction scripts, and post content.
- Taking 100% responsibility for the programming tasks within the project.

**Mail Manager Software** - *Developer*

2/2023 - 3/2023

- Developing software that allows users to manage their email accounts in bulk to serve various purposes.
- Features: Create new accounts, disable, check status, send emails, etc.
- Taking on 100% of the programming tasks within the project.

**Other Software** - *Developer*

2021 - 2023

- Software serving platforms such as Facebook, Instagram, Twitter, Ebay, Etsy, etc.
- Automation software streamlining user actions to save time.
- Mainly focusing on the Make Money Online (MMO) field.
- Building projects and software tailored to client requirements using C#, Python, Selenium, HTTP Request, LoliCode, and various other languages and frameworks.

## SKILL

C#	.NET Framework, .NET Core, .NET 5
SQL	ADO.NET và Entity Framework
Python	Proficient in Python coding, utilized for various related projects.
Website ( PHP , HTML , CSS , JS )	Experienced in web application development, involved in building and maintaining web systems.

HTTP Request

Possess knowledge of the HTTP protocol and the ability to use libraries to perform HTTP requests.

RESTful API

Experience in building and interacting with RESTful APIs

Selenium

Proficient in using Selenium for automating testing processes for web applications.

Tiếng Anh

Attain a reasonably high level of proficiency in skills such as listening, speaking, reading, and writing.
